INSPECTION PAPERWORK

First-article inspection report and certificate of conformance: ordered. The first piece of each part number is measured against your drawing and the report ships with the parts, with a signed certificate of conformance listing material and lot.

YOUR NOTES (AS TYPED)

Deburr all edges. Bag the wear strips in tens.

Please check the parts, quantities and ship-to address above and tell us about anything that is wrong before we cut material: quotes@straightedgemfg.com or 224-213-6727. Please give order number SO-7B1D4F22 in any message about this order.
